Department of Energy (DOE) Delegation of Authority Orders 00-022.00B and Re-delegation Order 00-011.02 set forth various authorities delegated to the Director, Office of Procurement and Assistance Management (herein referred to as the "Director"), and provides that these authorities may be further delegated in whole or in part as may be deemed appropriate. This memorandum serves to designate the Deputy Director for Field Operations, Office of Science, as the Head of the Contracting Activity (HCA) for the Office of Science in accordance with Federal Acquisition Regulation (FAR) 1.601. Except as expressly stated herein, you may not further delegate your HCA authority; however, HCA authority is conferred to individuals serving in your stead as Acting Deputy Director for Field Operations, Office of Science, provided that such acting authority is designated in writing.

As HCA, you are hereby delegated the following specific authorities, some of which you may further delegate as set forth below. The delegated authorities set forth below are conditioned upon your full conformance with applicable laws, the FAR, the DOE Acquisition Regulation (DEAR), DOE Directives and policies and procedures, including Acquisition Letters and the DOE Acquisition Guide, notably Chapter 71, which prescribes actions requiring Headquarters review and the process for their selection. In determining whether an action is within a delegated monetary authority, the determination must be based on the total value, including options, in-kind contributions and contractors/recipients cost share. Moreover, where actions involve a combination of additional work and deductive work, the total value shall be based on the absolute value of the work contemplated. The delegated authorities are set forth below:

1. ACQUISITION:

- (A)(i) Enter into, approve, administer, modify, close-out, terminate, and take such other actions as may be necessary and appropriate with respect to procurement transactions including competitive acquisitions, non-competitive acquisitions, contract modifications, interagency agreements, and consent to subcontracts that bind DOE to the obligation and

Actions within the delegated monetary levels specified below that exceed \$25 million and that are not subject to business clearance, shall have the prior approval of the HCA for the actions identified in Acquisition Guide Chapter 71. Authority to approve transactions at this level and that meet these conditions is non-delegable. Authority to approve actions below \$25 million that are not subject to business clearance is re-delegable at the discretion of the HCA.

Subcontracts (solicitation, award, modification and termination <sup>3</sup> )	\$50 million

Notes 1, 2, and 3: Administrative modifications, e.g., funding modifications are not subject to the limitation in the delegated monetary authority

- (B) Designate a Competition Advocate, in accordance with DEAR 906.501, to perform those duties required by FAR 6.5. Such designation(s), if below the GM/GS-15 level, shall be approved by the Director. The authority to designate a Competition Advocate may not be further delegated.

the same person serving as Competition Advocate discussed in paragraph 1(B) above.

- (D) Waive the requirement for submission of cost or pricing data, in accordance with, FAR 15.403-1(c)(4) without power of further delegation. Prior to approving such a waiver, the HCA shall obtain written concurrence from the Director for all procurement actions over \$5 million in value.
- (E) Exercise all other authorities specifically granted to the HCA by the FAR and DEAR. In some cases, FAR specified authorities are modified by the DEAR. These HCA authorities may be further delegated unless expressly prohibited by either the FAR or DEAR.

## 2. ASSISTANCE

(A)(i) Enter into, approve, administer, modify, close out, terminate, and take such other actions as may be necessary and appropriate with respect to financial assistance agreements including grants and cooperative agreements whether or not binding DOE to the obligation and expenditure of public funds. These assistance authorities may be delegated only to a CO (in accordance with section 5, Contracting Officers) without the power of further delegation.

(A)(ii) Actions exceeding \$50 million shall have the prior approval, or waiver thereof, of the Director or designee. Additionally, any funding opportunity announcement which may result in financial assistance or incentive award or multiple awards with a collective value of \$50 million or more shall have prior approval, or waiver thereof, of the Director or designee.

Actions within the delegated monetary level specified above that exceed \$25 million and that are not subject to business clearance, shall have the prior approval of the HCA for the actions identified in Acquisition Guide Chapter 71. Authority to approve transactions at this level and that meet these conditions is non-delegable. Authority to approve actions below \$25 million that are not subject to business clearance is re-delegable at the discretion of the HCA.

(B) A separate addendum to this delegation of authority is required for Technology Investment Agreements and transactions conducted under the "Other Transactions Authority." Therefore, these agreements and transactions cannot be entered into without an explicit delegation of authority from the Director and full compliance with all applicable laws, executive orders, regulations, and directives.

These authorities are contingent upon the existence of statutory, other legal, and regulatory authority for sale of products or to perform reimbursable work. Authorization by the designated official responsible for such work, and your full compliance with all applicable laws, executive orders, regulations, and directives governing policies and procedures is also required. These authorities may be delegated with power of further delegation to a CO (in accordance with section 5, Contracting Officers) or to another official who shall be no more than two levels below the HCA, without the power of further delegation.
